It's Different

metal new attitude

Caratterizzata da una calibrata riflessione della luce e una stonizzazione mai eccessiva, It's Different interpreta l'estetica forte e personale delle superfici metalliche vissute e disegnate dal tempo proiettandole in una dimensione più contemporanea, capace di esaltare ed adattarsi ad ogni esigenza stilistica, dalle applicazioni più industriali a quelle dal design più tradizionale, nelle quali risalta anche e soprattutto in abbinamento a materiali classici, come legni o marmi.

Characterized by an exceptional and cohesive balance reflecting both light and shadow, It's Different Ceramics successfully conveys the unique and powerful aesthetics of various surfaces, all skilfully moulded and designed over time to adapt to a truly contemporary designs. Indeed, thanks to excellent craftsmanship, It's Different is perfectly suited to enhance and complement all design needs from industrial projects, to more traditional concepts where the surfaces can be artistically paired with more classical materials such as wood and marble.

Il design ha il suo habitat.

Pavimenti e rivestimenti sono gli sfondi che fanno da cornice alle nostre vite, ed è con questa filosofia che da oltre quarant'anni Polis sviluppa e realizza le proprie superfici: disegnare spazi che mettano al centro le persone, nei quali trovare ispirazione, sentirsi rappresentati e scrivere le proprie storie più belle.

Floors and walls frame our lives. For over forty years, this is the philosophy that can be found behind Polis and its surfaces: creating spaces that focus on people, where one can find inspiration, feel at home and write the most beautiful stories.
